Student Placement Information Kit

Welcome

Our student placement program provides an opportunity for human services and social work students to develop their knowledge and skills.

Our practices are evidence based and informed by current research on trauma and complex trauma.

A placement at DVAC means having access to a workplace with programs designed to manage the effects of vicarious trauma.

Philosophy Statement

The Domestic Violence Action Centre (DVAC) has a long history in providing high quality services to women, children and young people who have experienced domestic, family, and sexual violence in the Ipswich, Toowoomba, and surrounding regions. DVAC works from a feminist perspective. We have a gender analysis of domestic violence that understands that domestic, family, and sexual violence is a result of systemic power imbalances and inequalities. We acknowledge the many barriers that exist for women and their families as they seek safety and support, and that women from diverse backgrounds can face particular and unique barriers. We are strong advocates for change on all levels. We actively stand against all forms of oppression (including racism, sexism, ableism, homophobia, and multiple other forms of oppression) and believe in the right of justice, equality, and fairness for all.

We regard women as the experts over their own life and we see our work as a partnership that is respectful, transparent, and accountable. We work from a relationship-based approach where we are committed to sharing information, validating choices, and ensuring we provide a safe space that is non-judgemental and at all times supportive.

We aim to consistently apply the same set of values and principles to all levels of our work – with clients, with colleagues in our organisation, and in our valued relationships with other workers and organisations within the service sector. We aim for a high level of integrity in all aspects of our work and we welcome feedback and input from all those involved with our service.

Through high quality service delivery combined with education, training, awareness raising and activism against violence in all its forms, our hope is to use our passion as leaders to create a world free from gender violence
