About Domestic Violence Action Centre (DVAC)

Who Are We?

DVAC is a grass roots organisation delivering services in our local communities to support victim survivors of domestic, family and sexual violence. We work with people who are using violence to create long lasting change and partner with the community and services for results. We are a values-based charity with specialist service delivery standards and accreditation.

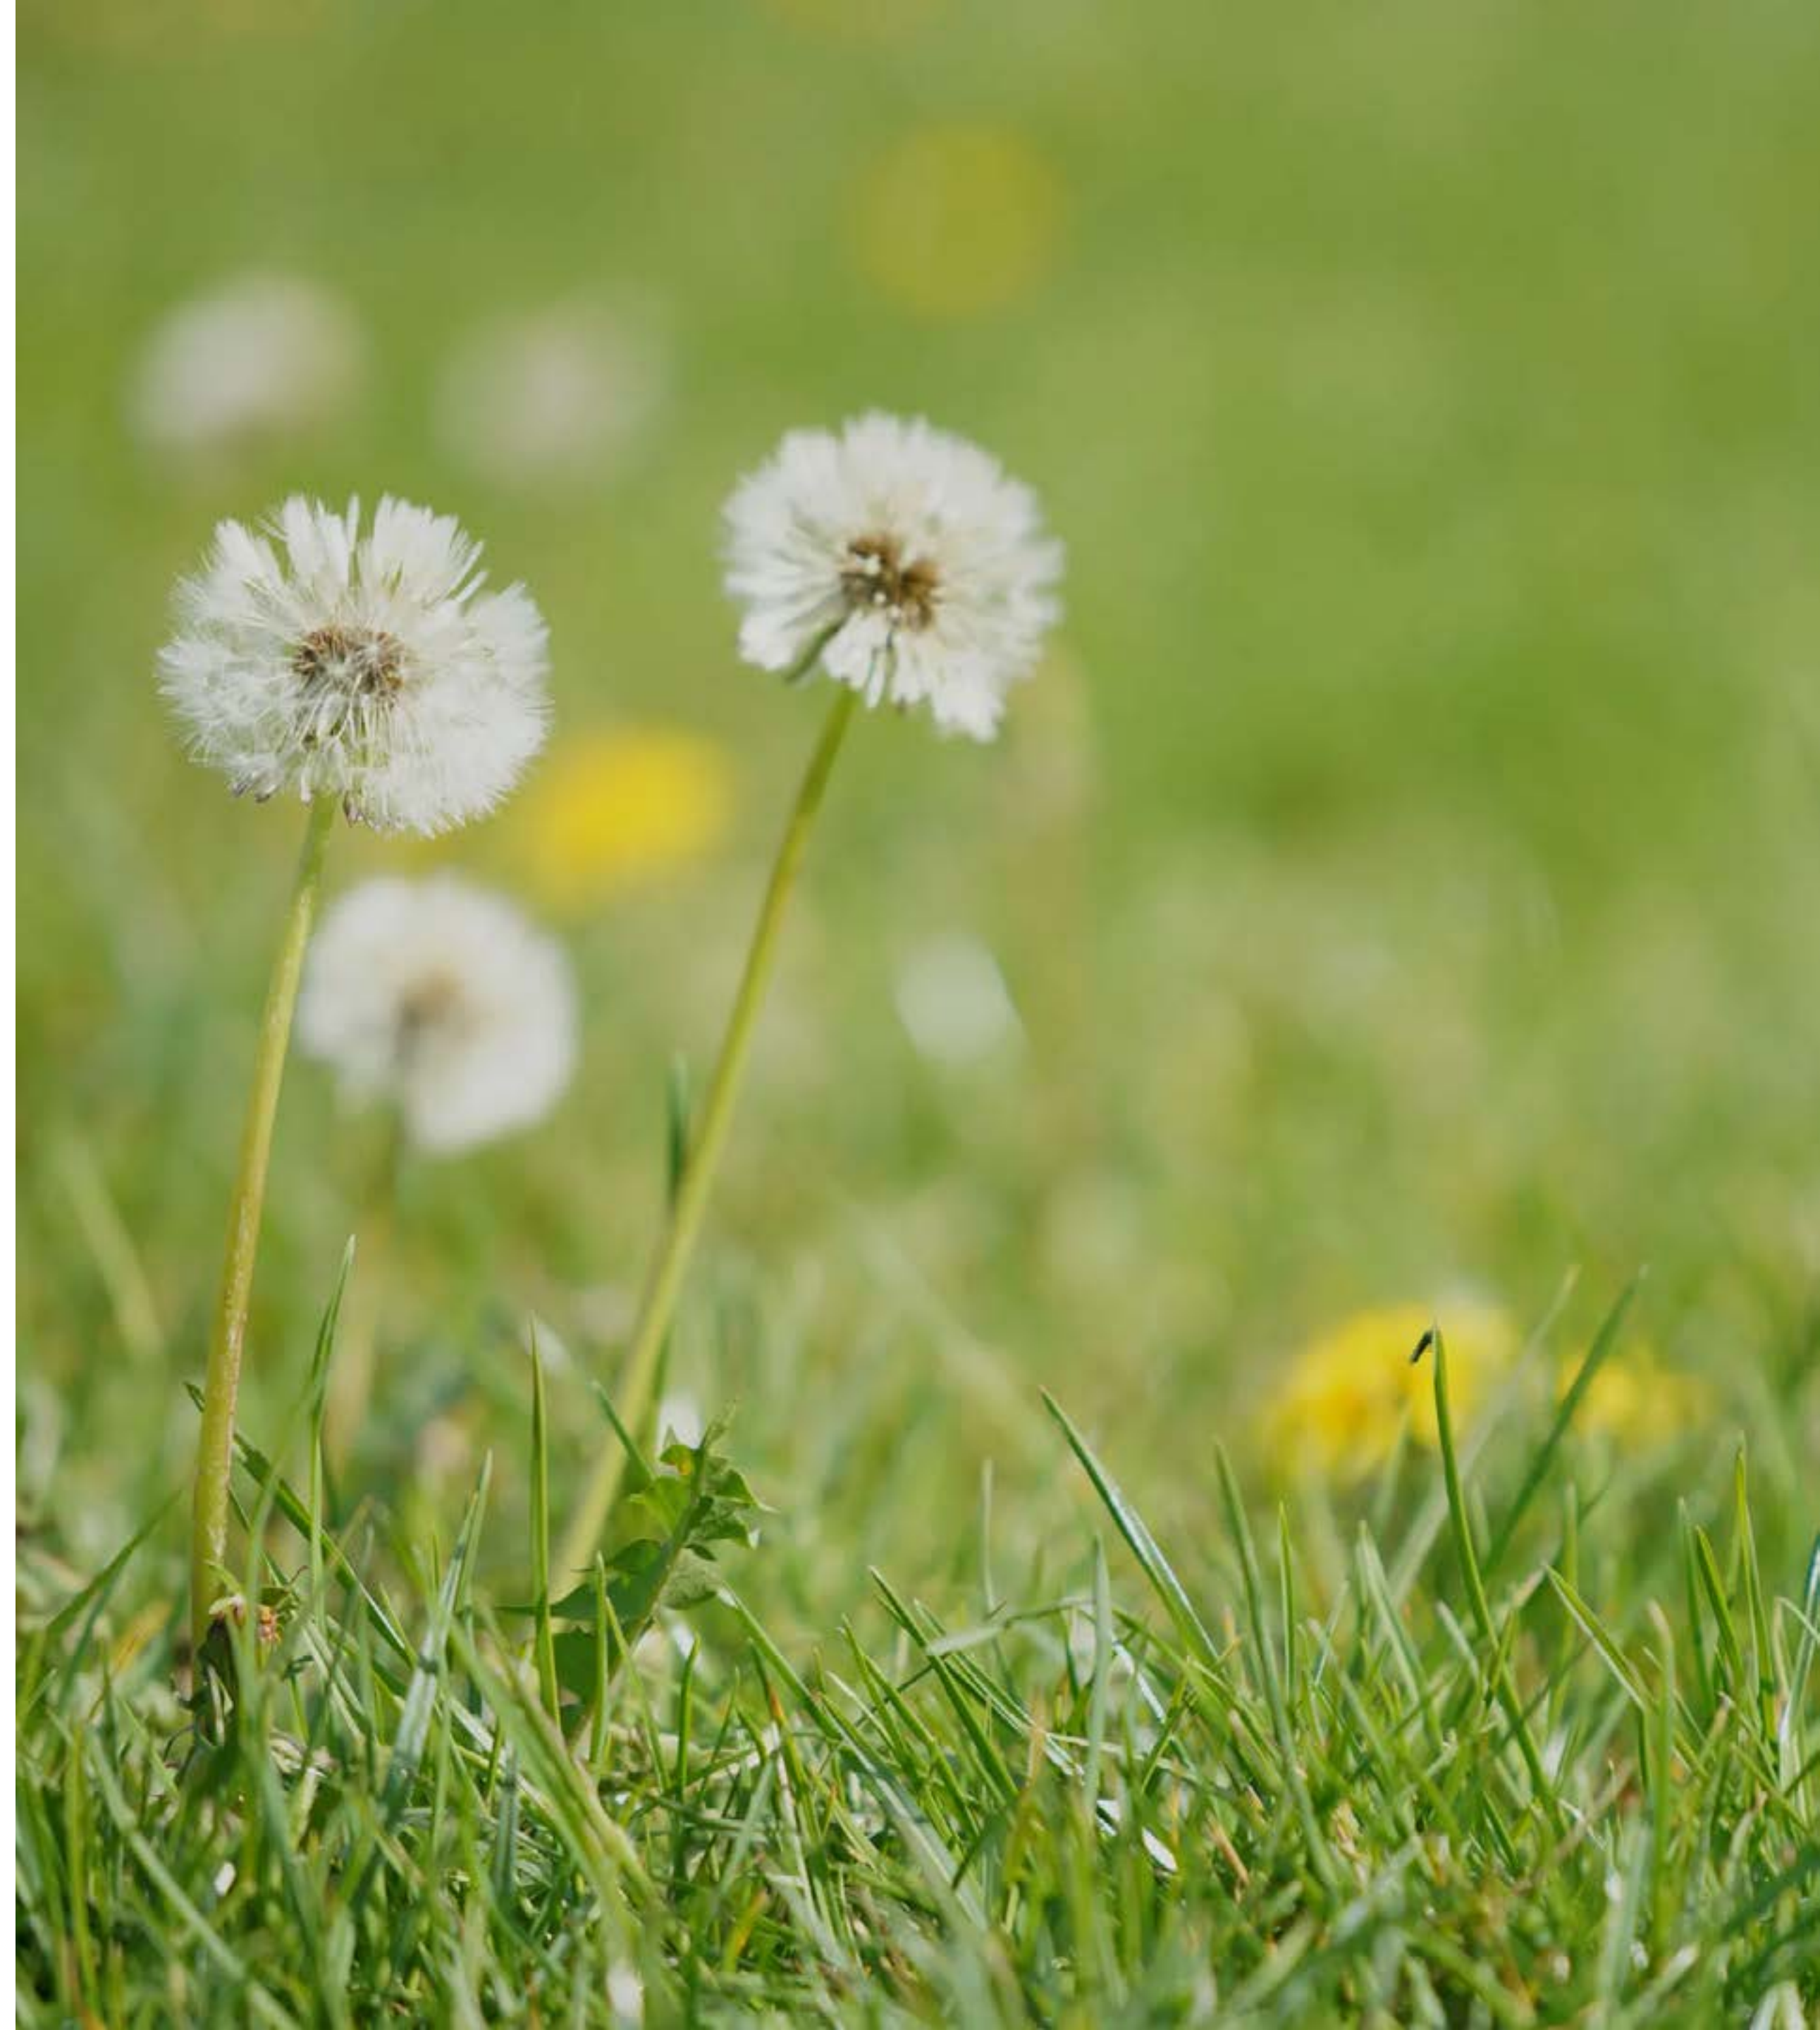

Our Purpose

We provide services that support victim survivors on their journey towards freedom, safety and healing from domestic, family and sexual violence. We deliver quality services in our local communities. We partner to create lasting change for the women and families who we service.

Our Vision

To reduce the impacts of gender based violence in our local communities through quality grass roots services.

We're Celebrating 30 years!

Since 1996, the Domestic Violence Action Centre has walked alongside clients, staff, and supporters, celebrating their achievements and strength. This anniversary is a moment to honour the people and goodwill that have shaped our organisation.

Our 30 Years Celebration event provides an opportunity to reflect together on the challenges overcome, the achievements, the support and goodwill of our community, and to recognise those who have contributed and supported our growth over three decades.

As we celebrate this milestone, our goal is to amplify the stories, impact, and vision of the Domestic Violence Action Centre, building momentum, connection, and investment so we can continue making a difference into the future.

On the 10 October 2026, from 6pm-10pm we're taking over the newly renovated Hotel Commonwealth in the heart of Nicholas Street Precinct, Ipswich. It will be a night of music, raffles, auctions, food, drink and celebration, supported by local businesses and organisations whose values align to our own. We can't wait to share this moment with you.

For more information on the event and to purchase tickets go to [DVAC - Celebrating 30 Years](#).
